ABOUT US

COASTAL SOLUTIONS WITH A PURPOSE

Pomen Laut Services (PLS) is a marine service provider based along the Batu Pahat coastline, committed to delivering safe, reliable, and regulation-compliant support for shipping agents, government missions, and coastal programs.

We practice sustainable garbage management in our facilities and actively contribute to environmental protection along the coast.

Our team consists of certified boatmen (CoC Mate Domestic), experienced field coordinators, and local network technicians. With deep local knowledge and a shared commitment to efficiency and safety, we help you navigate coastal operations with confidence.

THE FOUNDER

Azlan bin Muhamad (a.k.a. "Jojo") is a Marine Engineer with a Certificate of Competency Class 1 (Unlimited) issued by the Marine Department of Malaysia. Since beginning his professional sailing career in 2006, he has gained extensive experience aboard vessels operating under the flags of Malaysia, the USA, Singapore, and Abu Dhabi. He currently serves as Chief Engineer on a DP2 Diving Support Vessel, bringing a wealth of technical expertise and global maritime knowledge to every voyage.

With this global technical background, Jojo leads the development of the Pomen Laut Services (PLS), a structured marine services operation built to deliver consistent marine workshop standards, safety procedures, maintenance discipline, and professional marine support practices for vessel owners, fishermen, anglers, and marine operators.

MARINE LOGISTICS

OPERATING ALONG THE BATU PAHAT COAST, AND EXPANDING THROUGHOUT THE MELAKA STRAITS, OUR SERVICES SUPPORT PORT CALL EFFICIENCY AND SAFE CREW MOVEMENT

Pomen Laut provides timely and professionally coordinated boat transport services for:

- Shipping Crews & Marine Agents
- Government Inspectors & Taskforces
